## Winter Weather Alert

**WB I-80 through Parleys Canyon is restricted to chains/4x4 FOR SEMIS ONLY.**

**EB I-80 through Parleys Canyon is restricted to chains/4x4 FOR ALL VEHICLES.**

**Big and Little Cottonwood Canyon Roads are restricted to chains/4x4. SR-92/Alpine Loop Rd is **open** now, but winter driving conditions will exist for the remainder of the night.**

Bridges and overpasses in the Wasatch Front valleys are slushing up under heavier precipitation.

Road snow has accumulated on canyon and mountain roads throughout the Wasatch Back tonight. Some areas to be aware of are: I-80 Parleys Canyon, summits on US-40 (Mayflower and Daniels), Soldiers Summit on US-6 and the Cottonwood Canyons.

Intermittent, light snow showers which continue in the morning hours could add slick dustings to the higher elevation road surfaces.
